A wondrous fairytale based on the popular Disney movie, *Beauty and the Beast* begins when an old beggar woman asks the master of the castle for shelter from the cold offering only a single rose as payment. The vain and uncaring prince turns her away. Seeing his horrible heart for what it truly was, the old beggar woman turns the prince into a hideous Beast and his servants into different objects. The one way he could break the spell was to learn to love another and earn her love in return by the time the last petal fell. Will he learn how to love in time and will he ever find someone to love him in return? Join us for this FABULOUS musical intended for children and adults of all ages.
