## 2007-08 Catalog: Programs of Study

### Radiography (Mayo Clinic Option) (A292)

#### Associate in Applied Science

#### Mission Statement

The Mayo Clinic Jacksonville Radiography Program aspires to prepare individuals for a career in radiography by providing a high-quality curriculum, state-of-the-art facilities, a diverse patient population, and a favorable faculty to student ratio all in an environment based on teamwork and mutual respect.

#### The Career

Graduates of this A.A.S. degree are prepared to work in radiography positions in hospitals, clinics and physician's offices.

#### The Program

This program is taught in cooperation with Florida Community College and the Mayo Clinic. Admission is granted through the Mayo Clinic. Call 904.953.2921 for an application. Graduates of this program may sit for the American Registry of Radiologic Technologists (ARRT) examination. Up to ten students are admitted each fall term.

All RTE classes are taken at the Mayo Clinic after acceptance into the program.

#### Application Procedure

To apply to the program, you must:

1. Have a valid student number issued by Florida Community College.
2. Satisfactorily complete all college preparatory courses needed.
3. Have completed an application from Mayo Clinic prior to the established deadline (usually early spring).
4. Confirm with student affairs that you are degree-seeking and majoring in Radiography-Mayo Clinic option (A292).

#### Cost

Estimated cost of tuition is \$3,000 (tuition rated for Florida residents, effective 8/08). Contact the program manager for additional costs (books, materials, certification).

#### Need More Information? Contact:

**Andrew Brandler**, North Campus, 904.766.6667

**Marlana Beck**, Mayo Clinic, 904.953.2921

#### Mayo Clinic Radiography Program

#### Curriculum

Course Number and Title	Credits
<b>General Education Courses</b>	
<b>ENC 1101</b> English Composition I	3
*Social and Behavioral Sciences	3
*Mathematics	
*Humanities	3
<b>BSC 2085C</b> Human Anatomy and Physiology I	4
<b>Credit Hours</b>	<b>16</b>

#### Required Professional Courses

<b>BSC 2086C</b>	Human Anatomy and Physiology II	4
<b>HSC 1531</b>	Medical Terminology (for Health Professions)	3
<b>CGS 1060</b>	Introduction to Information Technology	3
<b>PHY 1020C</b>	Physics for Liberal Arts with Laboratory	3
	Credits granted for completion of Mayo program	48
	<b>Credit Hours</b>	<b>61</b>
	<b>Total Credit Hours</b>	<b>77</b>

\*Refer to **A.A.S. degree General Education Requirements.**

#### **Note**

The associate in applied science degree program is intended primarily for students who desire to complete an associate degree and become employed. Students who desire to pursue a university transfer study must meet certain course and test requirements. See your advisor for details on **university transfer requirements.**

#### **Record of Conviction of a Crime**

The American Registry of Radiologic Technologists (ARRT) will determine a Radiography program graduate's eligibility for credentialing when there is an arrest/conviction record. Convicted felons must pre-apply to the ARRT to determine eligibility. Students should contact the ARRT at 651.687.0048 between the hours of 11 a.m. and 7 p.m. (EST) for questions concerning eligibility requirements. The ARRT must declare the student eligible before the student enrolls in the Radiography program.

#### **Note**

Most clinical agencies require students to undergo drug screen and criminal background checks prior to placement in the agencies for clinical experiences. Students whose drug screening and criminal background checks are deemed unsatisfactory may be denied access to clinical experiences by the clinical agencies. Failure to qualify for and meet clinical requirements at clinical sites may prevent completion of the program. Withdrawal from the program may be necessary if students cannot be placed for clinical experiences.

The cost of the background check and drug screen is borne by the student. Additionally, it is the student's responsibility to have all paperwork completed by the program's published deadline.

Students who are unable to complete the clinical requirements after acceptance into selective access programs are not eligible for refunds of tuition.
